FOR SALE: Follansbee Dock Floats- 7 Floats, 5 in excellent condition. \$250 for all 7. Contact: Bill Groft at wegems@msn.com or 724 552 7540(cell). 1st posting March 1, 2012.

FOR SALE: Tosaco TOAD Jet ski PWC carrier/lift - \$250 These TOAD Jet ski movers are no longer made, very useful and hard to find. I bought it last summer to

move a standup jet ski from the water onto my dock but the lake bottom at my dock isn't right for that use. It's perfect for getting the jet ski from shallow water into the back of a pickup or towing the jet ski out of the water w/anything that has a hitch ball like a truck, tractor, quad or golf cart. Aluminum construction. Note that one bar needs to be reconnected. It works fine as it is though. It's great for a stand-up jetski or smaller sit-down PWCs. I think it would be small for a 3 seat PWC though. It is at Indian Lake. Jeff Fallon (724) 272-1240 cell. 1st posting May 1, 2012.

FOR SALE: 12.5 ft AMF Alcort Puffer sailboat - \$750. Ready to sail! Can be car-topped or carried in back of pickup. I have three sailboats and want to sell one of them. Basic sloop rigged sailboat for 1-3 people or 450 lbs. Safe and reliable with wide stable hull and foam flotation. Mahogany daggerboard and kick-up rudder, with tiller extension, make this a perfect "beach boat" (launched from shore). Oar lock sockets for rowing; will take up to 2 hp motor. Sails (main and jib) in excellent condition with no rips, stains or dirt, battens, and sail bag. Includes jib sheets, main and jib halyards, boom with main sheet and traveler. Very easy to rig with stainless steel standing rigging that clips on. Mast and boom in good condition with all parts attached. Hull has one above waterline very small patch repair. Overall, very good for age. Note, the cost to register a sailboat on the lake is the same as a canoe or kayak! A real bargain. Can deliver. Galvanized trailer available if required. AMF Puffer Specifications length 12'6", beam 5'9", draft 2'6", weight 160 pounds, sail area: main 55 sq. ft., Jib 35 sq. ft., mast 18', capacity 450 lbs.
