INDIAN LAKE MARINA -- Some people say that the Fall is one of the most beautiful times of the year for boating. And there's nothing like sitting by the fire on a cool Fall night. Well, now you can have both! Introducing **Floating Flame**, a Coast-Guard approved way to have a fire on your boat. We have 3 options for your enjoyment: ♦ The Refreshment Table Fire Pit is a self-contained, mobile fire pit that internally holds a standard "20-pound" liquid propane (LP) tank. It has a full regulator to allow the flame to be fully adjusted and an integral electric starter. A locking lid is provided for when not in use. It is rated at 40,000 BTU and is \$1,095 with free shipping. ♦ The Pedestal Table Fire Pit is also self-contained. It uses standard 5-pound tanks available at any hardware store. Additionally, the Portable Table Fire Pit is easily removed and stores away under most boat seats. A locking lid is provided for when not in use. It is rated at 15,000 BTU and is \$495 with free shipping. ♦ The original Pontoon Fire Pit Deck Model mounts in the floor of your boat and connects to a propane tank that can be located under any seat. A locking lid is provided for when not in use. This option uses the least amount of space on the boat. Also rated at 15,000 BTU and is \$495 with free shipping. We have these Refreshment Tables and Pedestal Tables in stock and ready to deliver with FREE SHIPPING. Or come see it yourself in our showroom and take one home today!
